November 23, 2016

Dear Customer,

Hubbell Ltd., a leading manufacturer of Harsh & Hazardous Area electrical equipment under the brands Chalmitt Lighting, Hawke International and Victor Lighting, is delighted to announce that it has acquired certain assets of A-Belco Limited. The assets acquired relate to the Hadar Lighting and Industrial Connectors Divisions, including the Eaisgo and CEEGO brand product lines.

Both Hadar and A-Belco's Industrial Connectors Business include pioneering products in the fields of LED Lighting and Industrial Plugs & Sockets, each of which will be a valuable addition to the existing Hubbell offerings.

Hubbell looks forward to integrating Hadar Lighting's unique range of LED solutions into the Chalmitt family of products. Likewise, the Eaisgo and CEEGO range of Plugs & Sockets will be available via Hawke and will further expand Hubbell's portfolio, allowing it to serve global markets in both Ex and Industrial applications.

Hubbell, Chalmitt and Hawke are privileged to now serve Hadar Lighting and A-Belco Industrial Connectors customers. While it will take some weeks to transition the business, any immediate requests for information should be directed to Tom Lane who will be happy to help.

Tom Lane
Hadar/A-Belco Business Coordinator
